

SIGN OUR PETITION TO BCC TODAY

SAVE OUR WILDLIFE PROTECT OUR PEOPLE

Residents draw the attention of the Brisbane City Council (BCC) to the on-going and increasing risk of serious injury or death to motorists and their passengers (often children) in front of Hamilton Road Quarry Park, Hamilton Road in the McDowall Ward.

Your petitioners therefore request that wildlife fencing be installed as soon as possible on both sides of Hamilton Road at this location in order to keep wildlife off Hamilton Road and in turn direct that wildlife over the substantial existing wildlife overpass, installed over ten years ago, over Hamilton Road between Raven Street Reserve and Milne Hill Reserve.
